100% Dead Sea Minerals

An Authentic Dead Sea Experience
Through Exceptionally Natural, Healthy, Mineral Rich Pool Water

mineralSWIM™ - The Dead Sea Heritage

For thousands of years, the Dead Sea has attracted visitors from around the world, searching to renew their skin's vitality and youthfulness with the mineral-rich deposits along its shores. With high mineral content, low concentration of pollens, allergens and UV rays plus high atmospheric pressure make the Dead Sea an epicentre for health research and treatment.

JUST ONE INGREDIENT

Powerful, Mineral-Rich Dead Sea Minerals

- Enhances pool water quality
- Environmentally friendly pool solution with exceptional water clarity
- Helps ease muscle tension
- Stimulates skin hydration and softens the skin
- Recreates a natural mineral pool that people have enjoyed for centuries
- Detoxifies and regenerates the skin, boosting its natural defence system

DOSAGE INSTRUCTIONS

mineralSWIM™ should be operated between 3,500 and 4,500 ppm as per your equipment supplier

For new pools, add 5 bags for each 10,000 litres

For existing pools, add 15 kg per 10,000 litres to raise ppm by 1,000 ppm.
